**Předmět:** Disqualified pilot

Dear Kamil and Secretary General,

We (CIVL/FAI) got letter from Turkish organiser of Paragliding Accuracy World Cup, which was happen in Alanya 27-30 April 2023.

According to it, pilot from Czech Republic, Marketa Tomaškova was disqualified from the competition.

Please take a note that my role is to inform you about that case, and NAC may act according to General Section 6.1.5. (see below).

**General Section 6.1.5**

A participant disqualified from an event has no right to claim back any part of the entry fee and will not be eligible for any diploma, medal or prize awarded for the event.

As soon as possible, the Jury President or the Event Director shall send to the President of the relevant ASC and to t

he President of the NAC concerned (or to the FAI Secretary General in case of a FAI competitor) a written summary of the facts justifying the disqualification from the event.

Disqualification from a FAI event may be grounds for disciplinary action by the NAC concerned. Such action may consider if the withdrawal of the Sporting Licence is appropriate.

With best regards,

Željko Ovuka
